

WEEKLY JOURNAL-MINER

PIONEER PAPER OF ARIZONA.

PRESCOTT, ARIZONA WEDNESDAY MORNING, NOVEMBER 19, 1913.

FIFTIETH YEAR

Strike Settled Trains Moving

Questions Still in Dispute Will be Determined by The Federal Board of Mediation

By Associated Press.

HOUSTON, Nov. 17.—Twelve hours after the settlement of the strike on the Federated roads of the operating employees, normal passenger service was restored on the Sunset and Central lines of the Southern Pacific. Tonight the first freight trains moved.

Both sides accepted the proposal of the Federal Board of Mediation and Conciliation. The railroad will meet the joint committee of engineers, firemen, conductors and

trainmen and a discussion of the alleged sixty-seven grievances of the men will be had. Recognition of the joint committee, which the company's officials declared inconsistent with existing contracts, was the chief contention of the unions and precipitated the walkout. The company agrees to meet the committee and the unions will return to work without prejudice in reference to the Federal board matters the conference committee could not agree upon.

REBELS CHESTY SINCE THE FALL OF JUAREZ

Not so Anxious Now to Have Embargo on Arms Removed---Diplomatic Exchanges at Critical Stage

By Associated Press.

NOGALES, Nov. 17.—An obstacle has developed since the fall of Juarez, which has created a feeling of uncertainty and discouragement as to the outcome of the diplomatic exchanges which have been taking place. Another conference today of Hale and Escudero was held, at the conclusion of which it was apparent a situation had arisen to tax the diplomacy of both sides.

It is evident the fall of Juarez and other Rebel successes have encouraged Carranza's leaders to an extent that it is believed the lifting of the embargo on arms is not so necessary as it seemed previously. On the other hand it appeared that the original expectation of the insurgents that the embargo would be

lifted had been met with more definite requirements from Washington. Escudero said he expected the negotiations to end within twenty-four hours, but would venture no prediction as to their outcome. Today's communication of Hale to Washington was especially lengthy. The conference was strictly private. Escudero, in a further statement, said he based his belief of a result in twenty-four hours on yesterday's conference with Hale, in which he received impressions of what the Constitutionalists believed necessary for the salvation of their country. Another reason is the eagerness of the Constitutionalists to enter on the work of the reconstruction of Mexico.

Copper Operators Attacked In Federation Resolutions

By Associated Press.

SEATTLE, Nov. 17.—Fierce speeches were made at the American Federation of Labor convention today, attacking the Michigan copper mine owners whose employees are on strike. Resolutions demanding a congressional investigation and call-

ing for contributions to support the strikers were adopted. Gompers said undoubtedly the convention would adopt a resolution demanding an investigation of the charge that the Calumet & Hecla Company obtained title to its copper land by fraud.

CHECK RAISER IS SHOOTING LEADS PLACED ON PROBATION TO ARREST OF STRIKERS

CLEMENCY ALSO SHOWN
MAN WHO SET FIRE TO
NEGRO WITH FATAL
RESULTS

By Associated Press.

TUCSON, Nov. 17.—J. Enos Cuthrell, the candy merchant who pleaded guilty to raising a dollar and sixty-five cent check to \$6,500, cashing the larger amount, was placed on probation today at the request of the victimized bankers.

Bert Higgins, accused of having set fire to Wiley Box, an elderly negro, was also given probation, though Box died.

SCENES OF VIOLENCE OCCUR IN COPPER DISTRICT: COMPANY TO MOUNT DEPUTIES

By Associated Press.

CALUMET, Nov. 17.—Six striking copper miners were arrested as the result of the shooting at the Quincy mine of Deputy Sheriff Edward Barker. One striker was wounded and it is believed two other strikers were hurt. The Quincy Copper Range Mining Company is preparing to mount deputies to replace the cavalry relieved from duty.

HUERTA BACK AT SAME OLD STAND

Returns to The National Palace And His Hand is Again on The Helm---Regards Order of U. S. to Vacate as a Closed Incident

By Associated Press.

MEXICO CITY, Nov. 17.—The organization of a new congress was completed today. Enough Senators were gathered for a quorum in the upper house. General Pronez was chosen temporary chairman. A committee on credentials was appointed.

A similar committee in the Chamber of Deputies began revising the deputies' credentials. There is nothing to indicate a formal opening on Thursday will be postponed.

Huerta talked informally with members of his staff and a few personal friends regarding the possibilities of intervention by the United States. He intimated he

would be ready to resist such a step. The opinion in various circles is that the United States will soon blockade Mexican ports. There is a rumor that Wilson will be content with such action and might even permit the embassy to remain at Mexico City until an open rupture occurs.

Huerta has resumed business at the National Palace and seems to have regarded as closed the recent incidents growing out of Washington's demand to vacate.

O'Shaughnessy received instructions to continue to advise Washington as to developments but was not instructed to approach the Mexican officials again. Nothing has

been received by him relative to withdrawal of the embassy. Persistent rumors say he was ordered to leave, although that is denied.

Tuxpam Told to Surrender.

VERA CRUZ, Nov. 17.—Rear Admiral Bouché, of the Louisiana, reports that Constitutional General Aguilar has given Tuxpam until Thursday to surrender. Aguilar professes a desire to protect American property, but is hostile to the English. The Constitutionalist leader at Tanguio says that under the orders of Carranza, he intends to control the oil fields and prevent the supplying of the railroads.

Colquitt Ready To Protect Citizens With The Militia

AUSTIN, Nov. 17.—"In the event the Mexicans start trouble, we will protect our citizens and not wait on Washington," said Governor Colquitt of Texas. "The National Guard is in readiness to answer quickly any call made." This declaration today is the result of a threat by Mexicans "to make Texas answer as a whole to the Mexican people unless mercy is shown the Mexican ammunition smugglers charged with murder."

APPLES GOING BY THE CARLOAD TO PHOENIX

(From Tuesday's Daily)
The shipping of several thousand boxes of apples out of Fair Oaks orchards is going ahead daily, was the statement made yesterday by John O. Eckel, in charge of the handling of the yield of Maus & Stewart.

Two cars have been shipped from Skull valley and several more are to be loaded, practically the entire crop being consigned to Phoenix. Mr. Eckel brought to Prescott yesterday for local markets a four-horse wagon load and brings another in a few days. A large number of men is employed in gathering and packing and the yield as compared with last year is fully as heavy.

Another big shipper out of that field is William Roberts, who has sent south this season over 2,000 boxes. He had the biggest crop ever known on his place, and next season it is probable that new trees to produce their first yield, will swell his output to a third more than this year. Mr. Eckel reports the heaviest two days of rain ever known for this time of the year.

SMITH BEATS LANGFORD
BOSTON, Nov. 17.—Gunboat Smith of San Francisco got the decision over Sam Langford of Boston at the end of their twelve round bout.

WEATHER FORECAST.
San Joaquin valley, rain.
Arizona, rain and snow in the north.

PAVING PLEASES AND MORE IS WANTED

MT. VERNON PEOPLE, TO
NORTH OF SHELTON
ARE IN LINE FOR IMPROVEMENT

(From Tuesday's Daily.)

Appreciative of the decidedly attractive appearance of Mt. Vernon avenue for four blocks on the south that is nearing completion in being graded, curbed and guttered, practically all of those taxpayers residing on the same street for two blocks north of Sheldon, yesterday filed with City Clerk Robinson a petition for like official action to be taken on their holdings.

In due time this request will be considered, when it is probable this thoroughfare will receive the touch of being modernized and made as equally inviting for traffic. The spirit of the day as it is reflected in the improvement made to the many streets of this city in the past few years, is not only admired by residents, but the visitor wholesomely commends the movement as a most laudable one. The finishing touches at present are being given to West Gurley street and in a few days this popular artery will be ready for service.

There remains in the city a few streets that are in the neglect column but which later, it is stated, will follow in the footsteps of those that show the wisdom of the judicious outlay of money to benefit all alike. Another pleasing feature of the capability of those in charge of the city's street service is the system of constructing crossings, which in times of stormy weather have proved a great convenience to all and particularly the pedestrian.

TO SHIP CATTLE TO
THE FEEDING GROUNDS
(From Sunday's Daily)

George Day, of Phoenix, passed through the city yesterday for the Coyote ranch of Norton & Stanley to begin rounding up a bunch of over 2,500 head of range cattle that are to be shipped to Salt River feeding grounds this week. The consignment will be loaded at Del Rio and go south in one solid train.

This is the largest single shipment to leave this section in many years, and represents an outlay of money close to \$80,000. Mr. Day is interested with Levi Young in the range business in the Black Hills and was a summer sojourner, when he closed the above deals among several stockmen, the purchase being an individual one, however. He will feed the stock this winter on his own lands.

Indians Threaten To Burn Agency And Kill Officials

SANTA FE, Nov. 17.—Fifteen hundred Navajos are reported in armed encampment at Beautiful mountain, thirty-five miles south of Ship Rock agency and defy Marshal Hudson to take prisoners the renegades wanted for horse stealing, assault and bigamy. Marshal Hudson has asked for two troops of cavalry. The request was referred to the war department. The Indians are fortifying. Table mountain and declare if attacked they will burn the agency and kill those in charge.

FALL OF VICTORIA BUT A QUESTION OF MOMENTS

BROWNSVILLE, Nov. 17.—The Federal garrison at Victoria, the capital of Tamaulipas, was forced back by the Constitutionalists with heavy losses. They concentrated at the Catholic sanctuary for their last stand. The fall of the city is momentarily expected.

It is reported that General Gonzales' troops from Monterey to reinforce the Federals were intercepted and retreated. Considerable supplies and ammunition were captured.

EAST INDIANS IN NATAL BURN AND PILLAGE

By Associated Press.

DURBAN, Natal, Nov. 17.—East Indian residents of Natal declared a strike, accompanied by rioting and burning of sugar plantations. Troops were ordered to the disaffected districts. The revolt was caused by the exclusion laws against them.

COPPER.
NEW YORK, Nov. 17.—Electric, unchanged.

Repair Of Road Forced By Villa

Tells Officials to Resume Operations or He Will Confiscate Property, And They Get Busy

By Associated Press.

EL PASO, Nov. 17.—Villa has threatened to take over the Mexican Northwestern railroad, owned by Canadian capitalists, if the officials themselves do not immediately repair and operate the line. Federals and Rebels destroyed the road which has not been in operation for several months. At a conference with Villa, the officials decided to begin repairing.

Loans of about \$100,000 were made to Villa by two banks in Juarez. He

gave the bankers assurance he would refund the money if the revolt was successful. The money is being used in paying off Rebel troops and buying uniforms and provisions.

A full report of the executions was made to the war department of the United States by army officers. Aside from Carranza's unofficial warning, no representation in an official way has been made by United States government officials.

LET AFFAIRS TAKE THEIR OWN COURSE

Such is Policy of The United States in Regard to Huerta And Mexican Situation

By Associated Press.

WASHINGTON, Nov. 17.—That the United States is content to wait the outcome of its steady pressure against the Huerta regime is apparent. "The mills of the gods grind slowly," declared an official. It is stated that no orders have been given Lind or O'Shaughnessy to leave Mexico. Bryan stated that neither had conditional instructions, and intimated that both were acting on precise instructions from Washington at every step. The indications are no action is contemplated

at present that will precipitate a crisis.

Early development of Huerta's purpose is expected since it is supposed he will submit a special message to Congress not later than Thursday. The possibility of interruptions in railroad communication between Mexico City and Vera Cruz is giving concern. It is said any attempt to thus isolate Americans and other foreigners at the capital would result in quick action by the United States.

Lawrence Textile Mills Are Tied Up By Strike

LAWRENCE, Nov. 17.—Between three and four thousand operatives were thrown out of work when the firemen at the textile mills struck, causing a stoppage of the machinery. According to union officials, 350 firemen quit. Two members of

the State Board of Conciliation and Arbitration asked both sides for facts and figures. It is stated no offer was made of the board's services. The union asks an eight-hour day and the same pay as for the present twelve hours.

MAY ABDICATE CHANCE TO GET IN FAVOR OF HIS SON TOGETHER ON CURRENCY

BERLIN, Nov. 17.—King Ferdinand of Bulgaria who is residing incognito at the palace at Coburg, spent this morning in prayer at the graves of his ancestors. It is believed that his abdication in favor of his son is probable.

Austrian statesmen are trying to prevent the abdication, fearing that the crown prince, Boris, is likely to be influenced by the element in the state which is friendly to Russia.

King Ferdinand before his election to the Bulgarian throne in 1887 was a German, being the youngest of the princes of Saxe-Coburg-Gotha.

BISBEE FLOODED.

By Associated Press.
BISBEE, Nov. 17.—Damage to the amount of ten thousand dollars was caused by rains today which flooded the streets and residences.

WASHINGTON, Nov. 17.—The prospects for conferences of Republican and Democratic Senators over the currency bill loomed large again today with some sentiment that Congress might adjourn while they are being held. Chairman Owen of the banking committee and Majority Leader Kern said they saw no objection to a short adjournment but they did not know the President's attitude.

Both sections of the banking committee continued work today. The Democrats expect that the report will be ready by Wednesday. Newslands in the Senate today outlined his plan for reserve associations in each State which will be federated into the general federal reserve association.

SILVER.
NEW YORK, Nov. 17.—Silver, 59c.
